BIGBOOSTER

The BigBooster community is an international network of start-ups, mentors, experts and partners empowering and benefiting from a non-profit international program within a confident learning framework. BigBooster is dedicated to start-ups and SMEs with an international ambition and an innovative solution in the following fields:

- health impact
- productive & industrial impact
- environmental & energy impact
- social & societal impact

Since 2015, BigBooster has supported 278 start-ups in their international development. Do you want to be part of the adventure?

BigBooster community and its strong mentors network are waiting for you!

Program timeline :

Work closely with start-up and SME's on their international strategy and value proposition. Their international success is yours. Your help is what makes it happen!
